Problem Symptoms:

For some courses the BIB info is not displayed in the Course Doc List.

Cause:

Configuration

Resolution:

The following line was missing from `./xxx30/tab/tab_expand`:

```
HOLDING expand_doc_course
```

After adding the line and restarting the PC server the problem is solved.

Additional Information

In case adding the expand program does not solve the problem and no information title information is shown in GUI and WEB run "Update Direct Index (manage-05)".
