

Sip status is missing in SIP report

- **Article Type:** General
 - **Product:** Rosetta
-

Problem Symptoms:

When searching Sips through the Rosetta quick search the "module", "status", and "stage" all come back blank. The IE that is associated with the SIP looks fine.

Cause:

'Find a SIP' report doesn't show 'SIP Status' details after 'Delete Old Deposits' job run.

Resolution:

fixed in sp 3.2.0

Additional Information

'SIP Status' details are taken from 'SIP_STATUS_VIEW' (rep schema), over there, the SIP record does not exist anymore.
