## Date Field Error Message when Attempting Loan Request in OPAC

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 21
- 

### Problem Symptoms:

An error message from the date field is reported when trying to do a loan request in the OPAC, although the date field is correctly filled.

### Cause:

Configuration issue: in \$alephe\_root/www\_f\_lng/item-hold-request-head file, some lines are missing.

### Resolution:

1. Add the following lines to item-hold-request-head file  
<input type=hidden name="no\_loaned" value=\$2900>  
<input type=hidden name="start\_rec\_key" value=\$3000>  
<input type=hidden name="end\_rec\_key" value=\$3100>  
<input type=hidden name="token\_id" value=\$9900>
2. Restart the Web server.
