
Zeros are added to \$\$E in browse call number field

- **Article Type:** General
 - **Product:** Primo
-

Problem Symptoms:

- Browse/call number subfield E is created with zeros. For example:

\$\$D576.83 S671L 2003\$\$E576.830000000 s671l 2003

- The normalization rules are correct and the test utility generates the expected result

Cause:

Unknown yet

Resolution:

Investigated by development- PRM-22754
