
ACQ: An error occurred while saving

- **Product:** Voyager
 - **Product Version:** 9
-

Symptoms

- When entering line item Copies/Funds information or Adjustments, you are able to enter the Fund Code for a Summary Fund. When you attempt to save the information you get one of these messages:

An error occurred while saving Line Item Copy information

An error occurred while saving adjustment information

An error occurred while saving the information

- No error reason given in client.
- No error logged in log.voyager

Defect Status

VYG-4132 is currently in Development.

Replication steps

1. In Detailed Line Item > Copies/Funds, assign Summary Fund to line item
 2. Receive error. Also may see error if using extended fund allocation.
