

## Link from 856 \$u in MFHD does not display in WebVoyage

- **Product:** Voyager
  - **Product Version:** 8.2.2
- 

### Problem Symptoms

- Link from 856 \$u does not display in OPAC
- displayHoldings.xml is correctly configured to display field 3000
- Other aspects of MFHD display correctly

### Cause

The link in 856 \$u is missing "http://" or "https://"; Voyager requires the use of this prefix to recognize a link as valid.

### Resolution

Add "http://" at the beginning of the link.
