

## Searching for patron code gives no result in the GUI

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 20
- 

### Problem Symptoms:

Searching for the patron code gives no result in the GUI although the patron code is available in the system.

### Cause:

Wrong search parameter

### Resolution:

In the search window the patron ID was marked by mistake instead of the patron code. Therefore The result was zero.
