

Logo on User Interface Collection Viewer

- **Article Type:** General
 - **Product:** Rosetta
 - **Product Version:** 3.2.2
-

Problem Symptoms:

In the UI Customization we have replaced the Rosetta Logo on our productive with an CUSTOM-Logo. On the Collection Viewer we still have the standard Rosetta logo.

Cause:

defect

Resolution:

As a Workaround:

Manually copy the CUSTOM-Logo after each SP or HF from /operational_shared/ui/logo

to

/exlibris/dps/d4_1/system.dir/thirdparty/jboss/server/default/deploy/viewers.ear/dps-delivery-web.war/images

Additional Information

Issue was fixed in SP 4.0.1
