

Headings normalization removes punctuation

- **Article Type:** General
 - **Product:** Voyager
 - **Product Version:** 8.1.0
-

Problem Symptoms

- Authority records confusing when normalized without punctuation
- Heading with only birth (Name, 1910-) or only death (Name, -1910) date can result in same normalized heading (NAME 1910)

Cause

Works as designed.

Resolution

Behavior by design - Voyager removes punctuation as part of its normalization routines.
