

edi 09, Error message regarding EDI vendor code

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 21
 - **Relevant for Installation Type:** Dedicated-Direct; Direct; Local; Total Care
-

Problem Symptoms:

"Process EDI Incoming Messages (edi-09)" is not working properly but results in error message "œEDI vendor code doesn't exist in the database"

Cause:

Defect

Resolution:

rep_change 2085 in Aleph 22:

Description: Process EDI Incoming Messages (edi-09) - Invoice was not loaded when using "UNOC" character set. The character set code value "UNOC" was not supported.

?

Solution: This has been corrected. A support for "UNOC" value has been added.
