

## Setup of CrossRef (DOI)

- **Article Type:** General
  - **Product:** Alma
- 

Desired Outcome Goal:

How to configure Alma (Uresolver) to use the CrossRef's DOI information?

Procedure:

Within Alma

1. Click: Alma > Configuration Menu (under: ADMINISTRATION > General Configuration)
  2. Click: Integration Profiles
  3. Click: AUGMENTATION
  4. Select the "Actions" tab
  5. Configure the DOI Definitions (activate the status, and fill the email address as part of the enrichment request).
- 

## Additional Information

For more information about CrossRef affiliate-membership and other ways to get metadata - See <https://www.crossref.org/community/librarians/>

For information on how to configure a resolver augmentation definition, please refer to documentation:
