

Change bib format display name?

- **Product:** Voyager
 - **Product Version:** 8.2.2
-

Question

How to change the display name for a particular bib format (for example, 'im') in the search results / titles list?

Answer

To add, edit or change bib formats:

1. Log into System Administration
 2. Under Search > Title List Material Type Display, use the New, Edit and Delete buttons to modify your list of format display names.
