

Moving an item with linked order/subscription

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 21
-

Desired Outcome Goal:

How to move an item with linked order and/or subscription?

Procedure:

Before you can move the item you have to detach it from the order and subscription.

Open the item in GUI

Goto tab "3. General information (2) and delete the order number from the relevant field

Goto tab "4. Serial information" and delete the subscription number from the relevant field

Now move the item.
