

Can Two Funds in Acquisitions be Merged?

- **Product:** Voyager
 - **Product Version:** 8.1.2
-

Question

Can two funds be merged using the Acquisitions client?

Answer

Currently, there is no feature in Acquisitions which allows the combining or merging of funds.

If Fund A and Fund B exist, and the goal is to eliminate Fund A in order to use only Fund B instead, then all line items must be modified to point to Fund B before Fund A can be removed.

Additional Information

For additional information, please see [Restructure Current Ledger and/or Fund Hierarchy](#)
