## [Alma - Resource Sharing] - Search doesn't work in Notes-field

- **Article Type:** Q&A
  - **Product:** Alma
- 

---

### Question

The search in the "notes" field for borrowing resource sharing requests does not work. Why?

---

### Answer

This is an expected behaviour: The notes search is on internal notes - notes in the notes tab. It does not search the Request Note, which is a note to partner.
