

## When does an item's status change from Charged to Overdue?

- **Product:** Voyager
  - **Product Version:** 6.5.3
- 

### Question

When does an item's status change from Charged to Overdue?

### Answer

Running circjob 2 (Overdue Notices) from the /m1/voyager/xxxdb/sbin directory on the server applies the Overdue status.

### Additional Information

Circjob 2 uses the First Overdue Interval in SysAdmin > Circulation > Policy Definitions > Edit > Matrix > Modify > Intervals tab to determine when to apply the Overdue status.
