
Where can I find free online training classes for Voyager?

- **Article Type:** Q&A
 - **Product:** Voyager
 - **Product Version:** 7.2.3
-

Question

Are there any free webinars or online training courses available for Voyager?

Answer

Check out the Ex Libris Learning Center at <http://learn.exlibrisgroup.com/>. While browsing the Course Catalog, if you see a small face icon on the right-hand side of the page next to that course name, that course allows guests to join, free of charge.

Additional Information

If you see a course listed that does not allow guests, but that you would like access to, you can check into a subscription package (<http://www.exlibrisgroup.com/category/ELLRegistration>). For additional information on training sessions, please send an e-mail to learn@exlibrisgroup.com.
