

Can I export to EndNote in RIS format?

- **Article Type:** Q&A
 - **Product:** Voyager
 - **Product Version:** 7.2.5
-

Question

How can I set up WebVoyage export to EndNote functionality so it will export records to an "RIS file?"

Answer

Export to RIS file is outside scope of Support, but customer-contributed customizations are available in the Developer Network, including one for exporting in RIS format, "[WebVoyage TomCat RefMan \(RIS\) format export.](#)"
