

Create deep link for "Find Databases" in Primo

- **Article Type:** General
 - **Product:** Primo
-

Desired Outcome Goal:

Create deep link for "Find Databases" for Primo Classic UI.

Procedure:

- The following URL contains the mandatory parameters for the Find Databases deep link:

`http://<host>:<port>/primo_library/libweb/action/dlSearch.do?vid=<view code>&institution=<Primo inst code>&openFdb=true`

Using this URL will open Find Databases lightbox with the original Primo page displayed in background.
