## Full Inventory Indexing Job still Running?

- **Article Type:** Q&A
  - **Product:** Alma
- 

---

### Question

Full Inventory Indexing Job still Running?

---

### Answer

The Full Inventory Indexing Job runs periodically for the Alma search engine. Since re-indexing job is a big job which can block the system, a special queue was created for the job since the server is shared by many customers.

---

### Additional Information

Within a few days the job should start and complete.
