
Customising forms in ALEPH client (Acquisitions Multi Arrival Form)

- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 20

Desired Outcome Goal:

How to customise the forms in ALEPH client? In particular, in 'Multi Arrival Form' change text 'Print Arrival Slips' to read 'Email Arrival Slips'.

Procedure:

The forms can be modified in the following client tables:

MultiArrivalDlg.Check.PrintSlips #Print Arrival Slips

<C:\AL500\Acq\tab>window.dat>

Category: Acquisitions (500) - ALEPH
