Question

Can Ex Libris provide a XSD-file (XML Schema Definition) o DTD-file (Document Type Definition) that can be used to setup the XML input file for PLIF (p_file_20)?

Answer

No, Ex Libris does not have such files.

Additional Information

Description of the XML-format can be found in document "How to Use the Patron Loader Interface (PLIF) (file-20) - 20.0 and Later".
