
What does the course enrichment information option do?

- **Article Type:** Q&A
 - **Product:** Alma
-

Question

What does the course enrichment information option do?

Answer

The course enrichment option can be found by going to Alma > Resource Management > Resource Configuration Menu > Publishing Profiles, and selecting Actions > Edit under the Publishing to Primo profile.

This option allows the indexing and searchability of basic course information for course reserves citations.

This basic course information can include information such as:

- Course Title
- Course Code
- Instructor Information

Category: Resource Management - Alma

Subject: Course Reserves - Alma
