
Can I remove lines from due dates slips via the circ.ini?

- **Article Type:** Q&A
 - **Product:** Voyager
 - **Product Version:** 8.1.0
-

Question

Is it possible to remove lines or sections from the due date slips by deleting portions of the circ.ini file?

Answer

No. When editing the .ini files, you may change any information to the right of the equals sign. However, do not change any of the text to the left of the equals sign or delete any lines or stanzas. This will cause Voyager to not work properly and may cause the system to fail.

Additional Information

For example, in the following line:

```
HeadingFontName=TimesNewRoman
```

Operators may change the "TimesNewRoman" portion but not the "HeadingFontName" portion.
