### Answer

Yes, you can run the GUI upgrade from Aleph 20 to Aleph 21 using Version check.

Conditions:

- using only English language
- Service Pack level higher than rep\_change 3200 (Aleph 20)

---

### Additional Information

The VerUtil.exe file is identical for Aleph 20 higher than rep\_change 3200 and Aleph 21.1.2 except that the properties show different version numbers.
