## No "Run" button for Publishing Profiles

- **Product:** Alma
- 

---

### Question

As of the April 2014 release, the option to manually run some publishing profiles is not available. Please advise how to proceed with our publishing tests

---

### Answer

These profiles can now run only by using the scheduling option.

In order to do that, edit the publishing profile and set the Scheduling parameter.

Please consult Support if you need to run publishing ad-hoc.
