

## CAT: Possible to delete mfhd linked to PO?

- **Product:** Voyager
  - **Product Version:** 9
- 

### Question

Is it possible to delete a mfhd linked to a purchase order (PO) without deleting the PO?

### Answer

The link between mfhd and PO must be removed before you can delete the mfhd. You can either delete the PO, or relink the line item to a different mfhd if you wish to retain the PO and delete the original mfhd.
