

## Add New Field to Full and Link View

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 21
- 

Desired Outcome Goal:

Add a new fields to full and link view (display BIB fields 698, 852, and 948)

Procedure:

1. For full view, the fields are added to xxx01/tab/edit\_doc\_999.lng.

a. Field 698 is commented out. Just delete the ! (first character) in this line:

```
## 698## D LCourse reading Y Z E G
```

b. Add these lines for the other 2 fields:

```
## 852## D LLocation Y E
```

```
## 948## D LNote Y E
```

2. After modifying the table, restart the PC server.
