
How Not To Block in Tab_Block_Circ

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20, 21, 22, 23
-

Description:

If I do not want to block borrowers who have overdue materials, what should I put in col. 4 of tab_block_circ?

Resolution:

If you don't want to enforce a block for overdue items in tab_block_circ, you can leave col. 4 null (blank). (Using "99" will block users who have 99 or more items overdue).

For example:

```
! 1 2 3 4 5 6
!!!!-!!-!!!!-!!-!!-!!!!!!
USM50 ## ##### 500.00
##### ## ##### 01 500.00
```

NOTE: "z305_loan_check N" or the lack of check_circ_9_a can prevent tab_block_circ from being used. See the article [Blocks aren't enforced for particular patron](#) .
