
Update Date Format display in the Rosetta User Interface

- **Article Type:** General
- **Product:** Rosetta
- **Product Version:** 5+

Desired Outcome Goal: Change the time and date format in Rosetta UI (user interface)

Procedure:

1. Connect to the Administrative Module
2. Navigate to Home > General > General Parameters > All (module)
3. Update "dc_date_format" (Dublin Core date displays) and "system_date_format" (system-level date display).
4. Click "Save"
5. Navigate back to the Management interface and retrieve an IE to verify that the date displays correctly.

Additional Information

Please note that any changes in this mapping table requires restart until SP 3.2.2.
