Description:

In tab16, does the grace period (col 7, days, and col 10, hours) keep the fixed fine (col 25) from being applied -- or is the fixed fine applied regardless of the grace period?

Resolution:

Looking at the programs involved, I find that when `pc_return_item` calls `grace_date`, it adjusts the `DUE-DATE` and `DUE-HOUR` based on the grace period, and, thus, the item is not considered overdue and `cash_0003` and `cash_fine_min_max` (where the fixed fine is applied) are never invoked.
