
Patron cost on ILL2 arrival slip

- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 18.01

Description:

Patron cost not showing up on arrival slip, or is displaying as >10.

Resolution:

Fixed with rc 380: "Integrated ILL - Removing unnecessary lines from the global translation file. INTEGER lines are not needed for price fields with a decimal point".

Implementation notes:

Remove the following lines from ./[ill library]/form_eng/global.trn :

```
z411-e-price INTEGER S
z411-e-local-price INTEGER S
z411-s-price INTEGER S
z411-s-local-price INTEGER S
z411-patron-price INTEGER S
z411-patron-local-price INTEGER S
z416-local-price TEXT S 0.00=
```

Run util i/6.
