

Deleting items from Course Reserves

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 17.01
-

Description:

Is there a way to delete one item from a title in Course Reserves? I am only able to delete the title and reenter the items - using new barcodes each time. I would need to do this to correct typos made during document entry, and also when a reading is lost damaged.

Resolution:

Suggested to correct CR doc and delete items from GUI Cataloging, for xxx30 library.
