
Search with item-05 for call numbers beginning with \$\$h

- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 20

Desired Outcome Goal:

How can I search with Shelf List (item-05) for call numbers beginning with characters \$\$h

Procedure:

If you want to search for call numbers beginning with \$\$h (which is supposedly coming from the HOL record subfield for 852) you should assign

From call no. \$\$haaa

To call no. \$\$hzzz
