
p_file_90 doesn't link item to order

- **Article Type:** General
- **Product:** Aleph
- **Product Version:** 18.01

Description:

When loading a record with p_file_90 and creating both order and item records, the resulting item record is not linked to the order record. Without this link, the item status will not change when staff manually arrive an item. In contrast, p_file_96 does link the item to the order, as desired.

Resolution:

From issue resolution: v19. fr 572

Hi Yoam,

I'm not sure you got my e-mail. I'm changing status of this iissue "to fix". Please, check if fix installed correctly. It doesn't work.

Thank you,

Svetlana[12/8/2008 5:54:35 PM Svetlana Smirnov]

Hi Yoram,

Tested. It works.

Thank you,

Svetlana[12/9/2008 7:43:10 PM Svetlana Smirnov]
