## Fine In Spite of Grace Period

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 18.01
- 

### Description:

Why did patron ABC00006108 receive the fine of \$0.75 in spite of the grace period? This patron returned an item AFTER the Library was closed for two weeks' Christmas break. Aleph correctly calculated the item to be 3 days overdue based on:

actual due date: 12/16/09  
library still open 12/17/09 and 12/18/09  
library closed 12/19/09 through 01/03/10  
item returned 01/04/10 (3 days late)

Aleph accounted for open/closed days correctly, but did not credit the grace period. I have reviewed KB 16384-19953 but its resolution does not match this problem. Following are more details.

bor\_status: 01  
item\_status: 01

### Cash details are:

Circulation Type Late return - Late return  
Loan Date 11/30/2009  
Due Date 12/16/2009 11:59 PM  
Original Due Date 12/16/2009  
Return Date 01/05/2010 01:09 PM  
Patron Status Undergraduate  
Loan Time 11/30/2009 01:29 PM  
Due Time 12/16/2009 11:59 PM  
Original Due Date 12/16/2009  
Return Time 01/05/2010 01:09 PM

### The circulation log shows:

Action: Cash transaction created  
Description: Cash (Debit:1.00) transaction created for Late return <0004 0000 D .25>. Net Amount:1.00, VAT:0.00.

I have checked KB16384-19953 resolution steps accordingly:

tab\_sub\_library.eng has "16A" as the Group ID for tab16 (col.7):
