## MS:Media scheduling crashes when calendar has 12:0x AM start time

- **Article Type:** General
  - **Product:** Voyager
  - **Product Version:** 7.0.2
- 

### Description:

Bug Report Form for 16384-5185 / VYG-4689

Module: Media Scheduling

Release(s) replicated in: 7.0.2, 7.0.3

Server Platform(s) affected: Solaris

### Expected Results:

For Calendars to open when Media opens if the user has preferences set to do so.

### Actual Results:

If the opening time of the calendar is 12:00am- 12:09am, the client gives an error Run-Time error 5.

### Replication steps:

- 1.Set any Media scheduling calendar to open 12:00am-12:09am.
- 2.Check Media Scheduling Tools>Options>General>Automatically display Booking Calendars
- 3.Open new Media Scheduling session.
- 4.Receive Run Time Error 5 and client closes.

### Resolution:

VYG-4689 is resolved in Voyager 9.0.0 and higher.
