

## Forms lacking for 006\_k, 006\_o, 006\_r

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 16.02
- 

### Description:

There are three 006 values which do not have forms in the ./pc\_tab/catalog directory: k, o, and r. We need to add these forms: 006\_k.eng, 006\_o.eng, and 006\_r.eng.

### Resolution:

Choose format "Visual material". This will bring up 006\_g.eng. All four types (g,k, o, and r) are choices in the 006\_g.eng.

If yours doesn't have this, please consult the usm01 pc\_tab/catalog/006\_g.eng.
