

## manage-12: Is it OK to specify "Y,Y"?

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 19 and up
- 

### Question

The manage-12 Help indicates that "Check Old Records?" should be set to "No" when "Delete All Links" is "Yes", but KB 8192-3511 suggests using "Y,Y". What is correct?

### Answer

When you specify "Yes" for "Delete All Links", the value for "Check Old Records?" is irrelevant, since the old links are being deleted. In that case, the "Check Old Records?" could be "Yes" or "No"; it doesn't matter.
