Description:

When I execute UTIL A/9, I get the following error message:

error delete:

```
ANALYZE TABLE XXX50.Z353 DELETE STATISTICS
```

```
*
```

```
ERROR at line 1:
```

```
ORA-38029: object statistics are locked
```

Resolution:

You need to delete the statistics manually. First log in as ALEPH_ADMIN by typing:

```
sqlplus $ALEPH_ADMIN
```

Then execute the following command (replace with the relevant library and table):

```
exec dbms_stats.unlock_table_stats('XXX50','Z353');
```
