

How to remove/hide/disable the functionality for requesting items in OPAC

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 21
-

Desired Outcome Goal:

Prevent patrons to create a hold request from OPAC

Procedure:

- 1.a. Open file \$alephe_root/www_f_lng/item-global-body
 - 1.b. The advice is to work on a copy of the file with the code of your database (i.e. item-global-body-xxx01)
 2. Remove the placeholder \$2100 from the following line
<td class=td1>\$2100\$2200\$2300\$2500</td>
 3. Save the file and restart the WWW Server
