## Oracle error: handle\_connection; ORA-01034; ORA-27101

- **Article Type:** General
  - **Product:** Aleph
  - **Product Version:** 18.01
- 

### Description:

When we attempt to start Aleph in our development environment, it will not start.

Oracle error: handle\_connection  
ORA-01034: ORACLE not available  
ORA-27101: shared memory realm does no

We double checked the aleph\_start oracle settings, and sync the passwords.

### Resolution:

This is a case where Oracle has not been able to come up.

From site: The problem has now been resolved. It was a set up file in /exlibris/aleph/ora\_aleph. (needed small letters rather than caps).
