

## Check the Status of Statistical Tables

- **Article Type:** General
  - **Product:** SFX
  - **Product Version:** 4
- 

### Desired Outcome Goal:

Find out the status of the main statistics tables: number of records, size and date range of the SFX REQUEST, ONLINE STATS and OFFLINE STATS tables.

### Procedure:

1. Login to the Server as the instance user
2. Access the Server Admin Util
3. Select 5 Statistics
4. Select 4 Show stats tables monitor information.
5. A summary table will be displayed for the following MySQL tables: SFX Requests, Online Stats, and Offline Stats. The following information is included: the number of records currently stored, the table size, and the minimum and maximum dates of statistical data stored.

---

## Additional Information

see SFX System Administration Guide > Chapter 6 Server Admin Utility > Show Stats Tables Monitor Information
