

Define Subject Line in Email Sent by Job / Task Manager

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 18.01
-

Description:

Where do we define the subject line of emails sent by Task Manager?

Resolution:

In 16.2 and higher versions, subject lines are defined in xxx50/tab/form_description.<lng> (e.g., form_description.eng).
