
COinS cannot handle the encoding of some special characters

- **Article Type:** General
 - **Product:** SFX
 - **Product Version:** 4
-

Description:

An error message appears in the SFX Menu when special characters appear in a title and 'COinS' are enabled.
> 'COinS' is enabled by setting the 'include_coins' parameter to 'Y' in the 'ctx_object.config' file.

Please see the attached file for an example.

Resolution:

From issue resolution:

Fixed as part of 4.3.1 scope

[8/21/2012 14:15:31 Itay Stein]

Final Status: Closed [8/21/2012 2:15:43 PM Itay Stein]

Additional Information

COinS 'ctx_object.config' enable
