## Non-existent citation linker file error

- **Article Type:** General
  - **Product:** SFX
  - **Product Version:** 3
- 

### Description:

In the apache error\_log the following error message appears. What does it mean, and is it possible to do something to suppress it ?

```
[error] [client 127.0.0.1] File does not exist: /exlibris/sfx_ver/sfx_version_3/sfxlcl3/templates/js/citation, referer: http://<server>:port/sfxlcl3/cgi/core/citation-linker.cgi
```

### Resolution:

This error refers to a javascript file referenced in the citation linker template that does not actually exist, but at the same time, its absence is not harmful. You can stop the error by commenting out the line:

```
<script type="text/javascript" language="JavaScript" src="/<TMPL_VAR INSTANCE>/js/citation/main.js"></script>
```

in the file <instance>/templates/citation/head.tpl

---

## Additional Information

citation,linker,javascript,error,error\_log
