
find-m displays blank page

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 20
-

Description:

Using find-m in the OPAC- when attempting to do a search with AMICUS using find-m, I get a blank screen. Server log has many lines of

Info: Empty table /exlibris/aleph/u20_2/ext01/www_f_fre/meta-tags

Then:

Info

Execution error : file '/exlibris/aleph/a20_2/aleph/exe/www_load_file.gnt'

error code: 114, pc=0, call=1, seg=0

114 Attempt to access item beyond bounds of memory (Signal 11)

And then more:

: Empty table /exlibris/aleph/u20_2/ext01/www_f_fre/meta-tags

Info: Empty table /exlibris/aleph/u20_2/ext01/www_f_fre/meta-tags

Resolution:

It is a problem with /exlibris/aleph/u20_2/ext01/tab/path_convert

Currently it contains:

```
!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!-----!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!>
```

```
$ext01_dev/ext01/tab/ill_format_type $usm40_dev/usm40/tab/ill_format_type
```

```
!
```

```
$ext01_dev/ext01/www_f_eng $alephe_root/www_f_eng
```

```
$ext01_dev/ext01/form_eng $usm01_dev/usm01/form_eng
```

Change this to be:

```
!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!-----!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!>
```

```
$ext01_dev/ext01/tab/ill_format_type $usm40_dev/usm40/tab/ill_format_type
```

```
!
```

```
$ext01_dev/ext01/www_f_eng $alephe_root/www_f_eng
```

```
$ext01_dev/ext01/form_eng $usm01_dev/usm01/form_eng
```

```
!
```

```
$ext01_dev/ext01/www_f_fre $alephe_root/www_f_fre
```

```
$ext01_dev/ext01/form_fre $usm01_dev/usm01/form_fre
```

Restart the servers (PC and WWW) and try the connection again.
