

GUI customization - Arrival Form

- **Article Type:** General
 - **Product:** Aleph
 - **Product Version:** 17.01
-

Description:

Our library staff asked if it's possible to change the default value in field "No. Units Arrived" of "Arrival Form" under "Arrival" section of Acquisition GUI module. Please instruct whether or not this can be done, and how.

Resolution:

It is possible to change the label for that line, but not the actual value that displays under the label.
