

How to create a new index in Alephino

- **Article Type:** General
 - **Product:** Alephino
 - **Product Version:** 4
-

Description:

What do I have to do when I want to make field in Alephino searchable?

Resolution:

To make a field which was previously not searchable in Alephino searchable, the field must go into an index. To create a new index, please follow the instructions in the attached document.

Additional Information

Search aspect ; search ; index
