
Course Unit field not included in expand_doc_course CNO-n fields

Description:

We would like to create a base in the Course Reserves OPAC using the new Course Unit field, but when we look at the CNO-n fields produced by expand_doc_course, we don't see this Course Unit field included anywhere.

Resolution:

The Course Unit field is expanded as the CNO-7 field. The reason that you are not seeing it is that it is generated only when the Course Unit field is populated.
